RITVILMANN, MR. AND MRS. LAWRENCE, No. 274 Prince Street, Jersey City; bruises on legs and feet.

SCHMIDT, MRS. E., No. 91 Hoorem Avenue, Jersey City; badly cut on legs.

"anic started in the adjoining sections, and in the rush to get out the stands many more persons were hurt.

BOY PATIENT DIES AFTER
WATERMELON-CANDY DIET

Coroners of Two Counties Investigate Circumstances of Sudden Collapse in German Hospital.

The death of Henry S. Patterson, eight years old, of No. 14 North Street, Brooklyn, at the German Hospital, Brooklyn, Aug. 19, is being investigated by the coroner. The boy walked to the hospital last Tuesday with John Kane, a friend of the family, for a necessary but rarely mortal operation.

The same night, Benjamin Patterson, the boy's father, brought candy to the hospital and was told a "nice lady" had distributed watermelon to the patients. The following day Mrs. Patterson was called to the hospital, where the officials told her the boy was not expected to live. She says she was told blood poisoning was superinduced by the watermelon and candy the boy had eaten and his only chance was in transfusion of blood.

When the mother reached home, seeking a volunteer to furnish blood, she was notified over the telephone that her son had died. When the body arrived at home, the mother declares, the boy's teeth were sunk in his lip. The father asked Coroners Beigel and Vogel of Queens County and the Brooklyn Coroner's office to investigate.

TO BURY ANNA AUMUELLER.

The body of Anna Aumuller, the woman who was killed at the foot of Forty-seventh Street, Bay Ridge, will be buried on Saturday at Fort St. Vrain. For two years the disinterred body has remained in the morgue awaiting the finding of the body and crime, for, according to law, no positive identification is made until the head of a body has been examined.

Rapt Armstrong of the morgue says he remembered that the father in the various trials of Aumuller took up collections which were to be used to give the body of his victim decent burial.

THE HONEST PROPRIETARY MEDICINE.

fills a national need in the land and it will take more than the cry of "fraud" and "fake" from the avaricious, over-reaching physician to overthrow an honest, reliable and standard preparation like Lydia E. Pinkham's Vegetable Compound, which is made from the roots and herbs of the field, and has cured more women of female ills than any other remedy we know of.

Keeping a Community Free from Disease—
Eminent authorities urge the destruction of household vermin. Bed bugs convey disease germs. Their bite is dangerous. Peterman's Discovery will rid any home in a jiffy of these vile pests. Ask any housewife.

Peterman's DISCOVERY
KILLS BED BUGS AND THEIR EGGS

Is a liquid for use in joints of bedsteads, seams in woodwork and furniture. It is a sure preventive. Peterman's is harmless and can be squirted into the tufts of a mattress without staining. A tin is sufficient to rid the worst infested room of these loathsome insects. Use Peterman's.

Peterman's Roach Food has food substances which entice the roaches from their breeding places. They eat it and scurry away to die. You never see them again. Peterman's, when sprinkled in crevices, cracks and holes where it cannot be seen or swept up, remains effective for a long time.

Buy Peterman's Discovery (liquid) or Peterman's Roach Food from your dealer. He will recommend it.

DR. WILLIAM PETERMAN'S PERSONAL GUARANTEE TO YOU
I hereby guarantee that Peterman's Roach Food and Peterman's Discovery (liquid) will entirely rid any building or premises of roaches, water bugs or bed bugs if the above preparations are used in accordance with directions plainly printed on each package.
I authorize any dealer to cheerfully refund the purchase price of either of the above preparations to the purchaser who can show that under the above conditions the preparations have not rid the premises of bugs, and charge the sum to us. It will be promptly paid.
